

THREE KILLED IN CAR -- BRIDGE ACCIDENT

Local Girl, Two Marines Die in Crash

Two Others Injured
In Tragedy on Eve
of S-D Week Here

Three persons, two Marines and a 16-year-old Palm Springs girl, were killed today on the eve of Safe Driving Week in Palm Springs.

Two others were injured when the car in which all were riding crashed into a bridge abutment near the Palm Springs railroad station at 2:45 a.m.

Dead are:
ROSE SANDOVAL, 16, 280 Athel Street, daughter of Elizabeth Sandoval of Palm Springs.

Pvt. James L. Morris, 20, 2nd Gun Battalion, Marine Training Center, Twentynine Palms.

Pfc. Lloyd D. Champlin, 19, Headquarters Battalion, 1st 155 Howitzer Company.

INJURED, TAKEN to Desert Hospital and then transferred to the Marine Hospital at Twentynine Palms, were:

Pvt. Donald D. Bolland, 29, last Headquarters Battalion.

Pfc. Joseph Welock, 18, 2nd Gun Battalion, C Company.

Only minor injuries were suffered by the two hospitalized Marines, it was reported.

THE CAR, estimated by police to have been traveling between 70 and 80 miles per hour, crashed into the left side bridge abutment with the force and impact shearing the vehicle into two pieces. It is believed that the driver, not yet identified, fell asleep.

Damage to the vehicle is best illustrated by the Kenny Paul Garage hauling the wreckage away by loading it into a two-wheel trailer. Occupants of the car were thrown out as the vehicle split and half of it plunged 15 feet to the wash below the bridge.

IDENTIFICATION of the dead and injured was delayed for several hours as six Marine identification cards were found at the scene, and Miss Sandoval did not carry identification on her person.

The teen-age girl was identified this morning at Wilefs and Son

Accident Victim is Improving

Edward McNally, 19, Cherry Valley, remains in critical condition in Desert Hospital but is showing improvement, according to hospital authorities.

McNally suffered serious injuries when a car in which he was a passenger collided with another vehicle on U.S. Highway 60-70-99 Saturday, between Thousand Palms and Garnet.

McNally was a passenger in a car driven by Charles Francis Finnie, 18, Beaumont. Other passengers, both of Beaumont, were Donald Brown, 17, and Joseph Sacchieri, 17. Driver of the other car was Charles Weir, Jr., 26, and passenger was Eddie J. Lewis, 18, both Marines attached to the Twentynine Palms base.

LOPOK

Met an old Indian here today, we talked, as hundreds of automobiles passed. He was puzzled at their speed. "Why," he asked, "do you all have to hurry so through life?"

"We try to succeed in business—make money."

"Why do you have to make money?"

"So that in our old age we will not starve."

"That's funny," he said, "white men are strange. You would rather make yourselves miserable by hurrying through sixty or seventy years than to endure the slight discomfort of the four or five days it would take you to starve to death." Then he added thoughtfully: "Are all those men in all those automobiles, mean men, so mean their relatives would allow them to starve when they are old?"

I wrote the above and am now explaining the Old Age Pension to the Big Chief. He says, "why not sit right down and wait till you are 65."

I am waiting for an Indian lad who has gone for a stamp, and soon this bit will be off to editor Phat.

Yorty Says State 'Poor Stepchild' of U. S. Politics

"California is the poor stepchild of national politics." That's what ex-Congressman Samuel Yorty told the Palm Springs Area Democratic Club last night when he addressed them at the American Legion Auditorium on Belardo Road.

Yorty, who was elected to his first public office in Los Angeles 20 years ago, said that the eastern segment of the Democratic party is running the political show in spite of a party tenet which says national delegates to the nominating conventions must be chosen in number according to the strength of their party members, not the population, in all states.

THERE ARE 100,000 more Democrats in California than New York. But, Yorty said, delegates from California have 40 per cent of the voting power in national political conventions as does New York.

That is in violation of a 1935 regulation passed by the Democratic party, he charged.

Defeated for a seat in the Senate by Thomas Kuchel in 1954, Yorty vacated the Congressional seat which he had won by the largest majority of any re-elected Congressman in the state.

AN EXPONENT of a solution to the water problem which he considers as grave in California, Yorty is given credit for much of the water action on a national scale that went toward setting up an answer to the hazard.

He believes a Democrat should serve from California in the Senate. So when on October 26 he tossed the hat he doesn't wear into the ring for the second time, he did so with a dedication to that belief.

He will address a group of men in Los Angeles tonight and then take some time off to catch up with the political situation he has missed since being away from his headquarters. Though he knows that when the campaigning season gets along toward deadline time, he won't be getting much rest, he still maintains a policy of writing his own speeches. He likes to mean what he's saying.

New Jet Breaks Sound Barrier on First Trip

WASHINGTON — The Air Force has disclosed that a sleek new jet bomber capable of carrying nuclear weapons broke through the sound barrier on its maiden flight last month.

The plane, a needle-nosed Republic F105 with swept-back wings made the test flight at Edwards Air Force Base, Calif., last Oct. 22.

The Air Force would not reveal the expected performance of the new plane. But authorities hope it may have a top speed of 1000 miles an hour.

DESERT SUN WILL TAKE HOLIDAY ON THANKSGIVING DAY

In line with its policy of "every evening except Sundays and Mondays — and holidays — there will be no issue of The Desert Sun Thursday of this week — Thanksgiving Day.

Advertising and news deadlines which normally fall on the afternoon before date of publication, will be effective Wednesday for Friday's issue.

The staff of The Desert Sun will join the rest of the Village in observance of the holiday Thursday.

SAN DIEGO PADRES TO TRAIN HERE IN SPRING

San Diego Padres will definitely make Palm Springs their Spring training headquarters for the 1956 season.

And they will take an option for another year.

Ralph Kiner, Thunderbird Ranch resident who is Padres general manager, yesterday afternoon in a message to City Manager R. W. Peterson, confirmed that Palm Springs has been selected as the Spring training site for next year.

CONTRACTS HAVE yet to be signed, with the final agreement now being prepared by both parties.

The Padres will replace the Seattle Rainiers as Palm Springs' adopted team. The Rainiers, who have trained her, for many years,

withdrew this Fall because of failure to secure suitable training accommodations at their price.

THIS WAS ONE factor which temporarily blocked the San Diego team from immediately taking over the city's facilities at the Polo Grounds, but it was solved this week with the acquisition of excellent quarters at the Palm Springs Pueblo.

Kiner, in committing the team to hold Spring training here, praised the activities of the Junior Chamber of Commerce in support of the Rainiers last year, and expressed the hope that they would extend the same support to the Padres.

Tentative Spring training dates as set up by Kiner were March 8 to April 8.

Hospital Board Votes to Reject Iron Lung Gift

Board of directors of Desert Hospital, at their regular monthly meeting Monday, definitely declined to accept the gift of an iron lung from the Jimmy McHugh Polo Foundation Inc.

The respirator had already been delivered at the hospital and publicity released that money for the lung would be raised at this year's Golden Nugget Ball.

In declining the gift the directors said that they did so because the hospital already has one, the gift of the Palm Springs Fire Department.

Two reasons given for the refusal of the gift were: the one there now has only been used twice in four years, and State regulations do not permit Desert Hospital to accept patients with contagious diseases. The respirator, they pointed out, is used chiefly for patients suffering from bulbar polio.

In a letter asking that the iron lung be picked up, the directors said that they are always ready to accept donations of needed equipment.

Queen Maggie of Stick-Up Fame Held in Chicago

CHICAGO — Shapely "Queen Maggie" O'Connor, glamor girl of Chicago's underworld and its most wanted criminal, was captured last night because she couldn't stay away from her children.

The bandit queen, wanted for more than 100 stickups, was arrested as she tried to visit her three children at her sister's apartment.

She told police that she had left a safe refuge in Galveston, Tex., and returned to Chicago Sunday because she wanted to see the three little girls again.

The 30-year-old "Queen Maggie" was unarmed.

Kaiser to Build Plant in India

WASHINGTON — The Henry J. Kaiser Company will build a 130 million dollar steel plant expansion project at Jamshedpur, India. The plant will increase India's steel capacity by about 45 per cent, the company said.

The project, one of the largest steel plant construction jobs ever awarded an American firm, will raise the plant's production from about 1,300,000 to two million ingot long tons annually. The job will take about 30 months to complete.

Another Appeal to Share Holiday Sounded Today

"Give a Marine a happy home atmosphere and a traditional turkey dinner on Thanksgiving Day."

This was the appeal today by Jim Morton and Culver Parker, who are spearheading a movement to have Villagers throw open the doors of their homes on Thanksgiving Day to members of the Marine Corps stationed at Twentynine Palms.

Residents, restaurants and hotels are urged to cooperate in the movement. Anyone who can aid with the project is asked to call 5022 or 2701 and tell how many Marines can join their family Thursday.

All transportation to and from the base has been arranged by Colonel J. S. Oldfield, base commander; Lt. G. H. Ford, executive officer, and Chaplain John Zoller.

"Express the true feeling of Thanksgiving and share your dinner with someone who has the misfortune to be away from home on this, the traditional family holiday," was the final appeal by Morton and Parker.

Driver Cited After Accident

Lowell Curtis Roberts, of 270 Veredra Norte, was cited Sunday at 10:30 p.m. after he was involved in a non-injury accident at Indian Avenue and Arenas Road.

Police reports said Roberts illegally turned his car in front of an auto driven by Charles Lester Mallon, of Smoke Tree Estates, while Mallon was driving south on Indian. Mallon's car struck Roberts', and the impact caused Roberts' car to strike a car belonging to Don E. Brown, of the Plaza Lodge, while it was parked on the north side of Arenas about 30 feet west of the intersection.

Damage was slight to all vehicles, and estimates have not yet been made.

Cabazon Council Sets Up Monopoly on Draw Poker

The newly-elected Cabazon City Council met for the first time Monday night and set up a draw poker monopoly for that desert resort community.

The council, elected Nov. 8 when Cabazon residents voted to incorporate, passed an ordinance permitting only one draw poker house per 10,000 residents. The city population is 500.

President and Cabinet Meet in 2-Hour Session

Eisenhower Grateful for Cooperation

Cabinet Also Hears
Report on World
Affairs by Dulles

By Merriman Smith
United Press White House Writer

GETTYSBURG, Pa., — President Eisenhower met with his Cabinet for the first time in more than three months today. He warmly thanked Cabinet members for "the perfection of cooperation and coordination" in carrying on the government's business during his illness.

The Cabinet also heard an extensive review of the world situation from Secretary of State John Foster Dulles.

THE UNUSUAL CABINET meeting, which opened with a silent prayer, was held in a rustic mountain top lodge at the President's Camp David retreat, 22 miles from here. Mr. Eisenhower, who had remained overnight at Camp David, drove back to his farm home here immediately after the meeting, which lasted a little more than two hours.

Cabinet members came to camp David by car and helicopter for the session, and returned to Washington when it was over.

DULLES, WHO RETURNED last week from the Big Four foreign ministers meeting at Geneva, took up much of the Cabinet session with a report on the Geneva conference and his side visits to Italy, Yugoslavia and Spain.

Before entering the Cabinet meeting, Mr. Eisenhower disclosed, in a conversation with Secretary of State John Foster Dulles and U.N. Delegate Henry Cabot Lodge Jr., that he has been concerned about France's recent walk-out from the United Nations.

MR. EISENHOWER who arrived here from his Gettysburg, Pa., farm yesterday to preside over a meeting of the National Security Council, was accompanied by Dulles and Lodge as he walked the 200 yards from his sleeping lodge to Laurel Lodge, site of the Cabinet meeting.

Interior Secretary Douglas McKay and Agriculture Secretary Ezra T. Benson arrived in the same helicopter.

Ike Plans Quiet Holiday on Farm

GETTYSBURG, Pa., — President Eisenhower plans to spend a "family Thanksgiving" at his farm.

White House Press Secretary James C. Hagerty announced today that the first family circle for the traditional turkey and trimmings dinner will include the President and Mrs. Eisenhower; their son, Maj. John S. Eisenhower; his wife, Barbara; and the three grandchildren.

Hagerty said the President was looking forward to a quiet holiday weekend with the family.

Troops Alerted Again in Brazil to Meet Crisis

RIO DE JANEIRO — The Brazilian Congress today blocked efforts by ailing President Joao Cafe Filho to resume office and troops were alerted for any emergency in Brazil's second major crisis in two weeks.

Cafe was under virtual house arrest in his swank apartment in the Copacabana sector of Rio de Janeiro. Troops surrounded his house waiting for him to leave so he could be "invited" to go to the war ministry for questioning.

CAFE, UNDER TREATMENT for a mild heart attack for several weeks, precipitated the crisis Monday when he announced his intention to take back his job.

Troops bolstered by tanks and guns took up strategic positions throughout the capital. Two heavy cruisers moved into Guanabara Bay and anchored just offshore without explanation. The Navy is regarded as pro-Cafe.

ARMY LEADERS were said to have vetoed Cafe's return to power because they feel he is too close to the Navy, the Air Force and the National Democratic Union Party groups which the Army believes are trying to prevent President-elect Juscelino Kubitschek from being inaugurated Jan. 31.

The Brazilian crisis two weeks ago stemmed from the same thing. The army ousted Acting President Carlos Luz — a friend of Cafe's — and replaced him with Nereu Ramos, president of the Senate.

Ramos was confirmed by Congress and the Army said it was acting to prevent a coup against Kubitschek.

The streets were almost deserted. Troops controlled city traffic and forced all vehicles except small busses off all main thoroughfares. Censorship was reimposed.

License Examiner to be Absent Here Two Weeks

The Department of Motor Vehicles Operator's License examiner will not arrive in the Village till December 1. Persons requiring examinations will have to go to Indio, to the DMV office, until that time.

The Weather

Desert area forecast—Mostly clear today with increasing high cloudiness tonight and Wednesday. Windy at times, today. Slightly cooler south portions today and tonight. High today 50-60 upper valleys, 60-70 lower valleys.

High and low temperatures here over the past three days were: Saturday, 79, 34; Sunday, 79, 40; Monday, 71, 48.

First Founders Day Great Success with 66 Honored

Palm Springs Founders Day was a success—such a success that it will be established as an annual event.

Sixty-five of the Pioneer residents, persons who resided here prior to 1924, were honored by the many Villagers who attended the box luncheon and the program which followed.

ALL PIONEERS were presented honorary life membership cards in the association. Carl Lykken was master of ceremonies, and Mayor Florian G. Boyd made the presentations.

Besides being entertaining and a program in honor of Pioneers, it was filled with nostalgic memories as many of the 66 Founders were attired in clothing symbolic of the year in which they arrived in Palm Springs.

ENTERTAINMENT WAS provided by the Guadalupe Boys of the Doll House, Los Compadros Square Dancers and Palm Springs Civic Chorus. The Rev. William A. Blanton, pastor of St. Paul's in the Desert Episcopal church, delivered a Prayer of Thanksgiving.

Eric Williams, president of the Junior High student body, led the salute to the flag.

The program ended with community singing of old songs, including the inspiring "God Bless America."

Mrs. Frank Bennett, chairman of the Palm Springs Historical Society, was general chairman of the event, assisted by Mrs. Burnham Bigelow as vice chairman. Sponsors were the Historical Society, city council and Chamber of Commerce.

Police Confident Woodward Death Was Accidental

MINEOLA, N. Y., — Police officials indicated today that their detailed questioning of a haggard and weeping Mrs. Ann Woodward strengthened their belief that the shotgun slaying of her millionaire sportsman husband was accidental.

The once-beautiful society matron yesterday left the Manhattan Hospital where she had been confined since Oct. 30 when she shot down William Woodward, allegedly mistaking him for a burglar.

Mrs. Woodward, dressed in black and weak from grief, slowly made her way through a staring crowd of curious onlookers toward her waiting foreign sedan. She was taken immediately to Mineola police headquarters where she underwent extensive questioning.

PRESS STOPPERS

LOS ANGELES UP — Former boxer Ralph H. Reno, 26, today pleaded innocent and innocent by reason of insanity to a charge he murdered his stepmother October 12 in their Hollywood apartment. Trial date was set for January 10 and Reno was remanded to the county jail without bail.

MENOLA, N.Y. UP — Police withdrew today from the investigation of the shotgun slaying of millionaire sportsman William Woodward Jr. last October 30, and said they were satisfied with his widow's story that it was an accident.

BULLETIN — Montague Herbert was found in contempt of court by Judge John Gabbert in Superior court late yesterday afternoon, and ordered to comply with a December 1 deadline of fulfillment of conditions stipulated in a court order of May 27, or serve five days in jail. The contempt action is a result of a law suit filed by Acadia, Corporation, Ltd., and Anthony Burke, against Herbert and three John Does. Herbert's attorneys said that they will appeal the order to appellate court.

W. H. BUTTERFIELD, executive director of the University of Illinois Foundation, visited Saturday and Sunday with Dr. Benjamin Goldberg while on a tour of the west coast to renew acquaintance with alumni. It was not a fund raising trip, but a public relations visit for future direct mail contact. Above, Dr. Goldberg points out the site of the proposed Mount San Jacinto Winter Park Authority Tramway to his visitor, who was enthusiastic about the warmth and beauty of the Village and its setting.

Illinois Foundation Director Visits Here Over Weekend

Renewing acquaintance with alumni of the University of Illinois was the object of a visit to the west coast this week of W. H. Butterfield, executive director of the University of Illinois Foundation.

The weekend was spent in Palm Springs where he visited Dr. Benjamin Goldberg, 787 West Stevens Road, who has been an enthusiastic supporter of the program since its formation in 1948.

Following his visit here, Butterfield returned to Los Angeles where he will attend a meeting of the Alumni Club today.

NO SOLICITATION was scheduled on this trip—or on any trips the Foundation director makes. It was a report to alumni on the Foundation's activities, and a reacquaintance public relations visit.

The founder of the Illinois Foundation said that direct solicitation seldom is used, with direct mail utilized mainly as a non-pressure contact. "We'd rather receive \$5 and have the donor be happy, than have someone give \$5000 and be unhappy," he commented.

Since the Foundation's start in 1948 under the direction of Butterfield, it has grown to a point where it is a major function of the university.

THREE BASIC categories are covered: Research, scholarship and library enrichment. Other projects have included a recent campaign for funds to equip a Memorial Chapel at the University Hospitals in Chicago, and a current Chimes Restoration Fund, a project to renovate the Altgeld Hall chimes given to the university by the Classes of '14 through '21.

Total receipts by the Foundation to date are, according to Butterfield:

ACHIEVEMENT FUND—More than 22,000 gifts from alumni and other friends totaling \$612,441. Other gifts in cash, securities and farm land with a valuation of \$676,387.

Needy students have been greatly aided by the Scholarship division of the Foundation, according to the director, with most of those aided having been outstanding scholars.

Hobby Exhibit Given to Museum

Mrs. A. L. Campbell, resident of Portland, Oregon, and Skyridge Trailer Park, was the first person to respond to the Desert Museum's request for hobby materials for exhibit use. Dr. C. E. Smith, director, announced today.

She donated about 40 pieces of her work—birds and animals cleverly and imaginatively constructed of sea shells. Some of the objects are beautiful and realistic, others are humorous and only more or less realistic.

All show skillful manipulation and a very real artistic ability on the part of Mrs. Campbell, Dr. Smith said.

Restricting of Military Use of Desert Urged by Council

PALM DESERT — Adoption of a resolution supporting California Congressman Clair Engle's effort to block further military use of desert lands was approved by the Desert Protective Council here.

The council, in adopting the resolution, asked the congressman to go further than just halting the future use of the land, but to investigate the possibility of returning present military reservations back to public use. Congressman Engle's Interior Department committee will make an investigation on the land use.

SOME OF THE LAND in question is posted with large signs that warn the public to keep out because of danger from unexploded shells, and one of the directors of the council said that it was time to halt contamination of such large areas for future generations. Copies of the resolution will go to all members of the California delegation in Congress.

COUNCIL DIRECTORS made it clear that they do not want to interfere with national defense, but they fear the Defense officials regard the desert area as expendable. Though it is not done at the

present time, the Council believed that all three branches of the service could use the same testing grounds. They planned an expedition, possibly in January, into Saline Valley, where it's proposed to establish a huge Navy gunnery range. Saline Valley, northwest of Death Valley, is an area about which so much controversy is raging that it caused Representative Engle to plan his inquiry.

A YEAR AGO at a meeting at Indian Cove in Joshua Tree National Monument the entire membership of the Desert Protective Council voted to join the Western Mining Council in protesting establishment of the Saline Valley range.

Another move over which the directors expressed concern is a proposal to bar the public from most of the lands between; Twentynine Palms and Lucerne Valley and north nearly to Highway 66. The Marine Corps proposes to add this big tract to its Twentynine Palms reservation.

The DPC directors also voted for vigorous enforcement of a new law under which inactive mining claims can be restored to the na-

County Given \$9,638 as Share of Forest Fund

Riverside county has received \$9,638.38 as its share of U.S. Government receipts in the United States Forest Reserve fund for the 1954-55 fiscal year, according to Robert C. Kirkwood, state controller.

San Bernardino county received \$9,414.71. Largest amount was awarded to Plumas county, \$462,168.88. The total of \$2,994,976 represents 25 per cent of the total revenue from forest reserves in California received by the federal government.

One half of the amount apportioned to each county is deposited in its forest-reserve fund and one-half in its road fund.

BAD SUBJECT — This is something I didn't have to write about. It isn't a pleasant subject and I would much rather bring up something which is hurting Palm Springs. But the only way to remove this menace to our fine community is bring it right out into the open and start a fight, enlisting the aid of the City Government and every resident of the community against the enemy.

It's the common house fly.

Outdoor living is one of the great advantages that attract so many people to this resort city. We have something like 900 swimming pools and every home has an outdoor patio for enjoyment of the mild climate and gorgeous mountain views. There must be millions of dollars invested in these outdoor facilities.

Much of the pleasure of living and eating outdoors is spoiled by flies, particularly during the Fall season. A prominent Winter resident who has one of the most beautiful patios in the city told me the other day he felt like giving up his home here and moving away — just because of the fly menace. This is an extreme case but more and more people are complaining about the annoyance. "We have quit trying to eat in the patio" another resident told me.

Flies are not only a nuisance but a health menace as well. They are known to be germ carriers. While this is not such a serious problem here it cannot be overlooked.

Can anything be done about this source of irritation of our residents and visitors? Or must we just accept flies. Ants, crickets and silverfish can be almost eliminated by the pest control services. But they can do very little about flies. It takes the participation and cooperation of ever resident in the community to control the common fly. But it can be done. It has been done in many communities.

Control of flies should probably start with regulations imposed by the City Government. But the city can accomplish little without the whole-hearted support of all residents. In other words, if people really want to get rid of flies they can do it. Business establishments like restaurants and riding stables which have fly breeding refuse would have to recognize the importance of the problem and be willing to cooperate in a city-wide program. It is never ending day-to-day task — but it can be done.

A comprehensive fly control program, backed by city regulations, should be worked out and presented to the people for their acceptance and support. Methods used by other communities should be investigated and studied carefully for the prospects of application here. Perhaps the City Council should appoint a Citizens Committee to study the problem and make a recommendation. Maybe some people who have knowledge of fly-control methods used in other areas will volunteer their help in working out a program for Palm Springs.

It must always be kept in mind that, since this is a resort community which depends largely on outdoor living as its greatest charm, fly menace is a more serious problem than in most other towns. It is as important as city beautification and a lot of other things on which the city spends a lot of money. Let's give it some serious thought.

Columbus, Ohio, State Journal — President Eisenhower has given his backing to Attorney General Brownell's plan to ask Congress to outlaw the placing of microphone recording devices in jury rooms. The action is a direct result of the controversy over the jury-room eavesdropping perpetrated by a group of presumptuous "scientists" of the University of Chicago.

Once and for all, Congress should serve notice, under penalty of a new law, that there shall be no tampering with juries or their deliberations by any means of process whatever.

MOUNT DORA, FLA., Herald — It is almost certain that the tax bite put on U.S. taxpayers will be eased next year. Members of the Congress, now mapping their political campaigns are frank in stating that some sort of a tax reduction will come next year "because it is an election year."

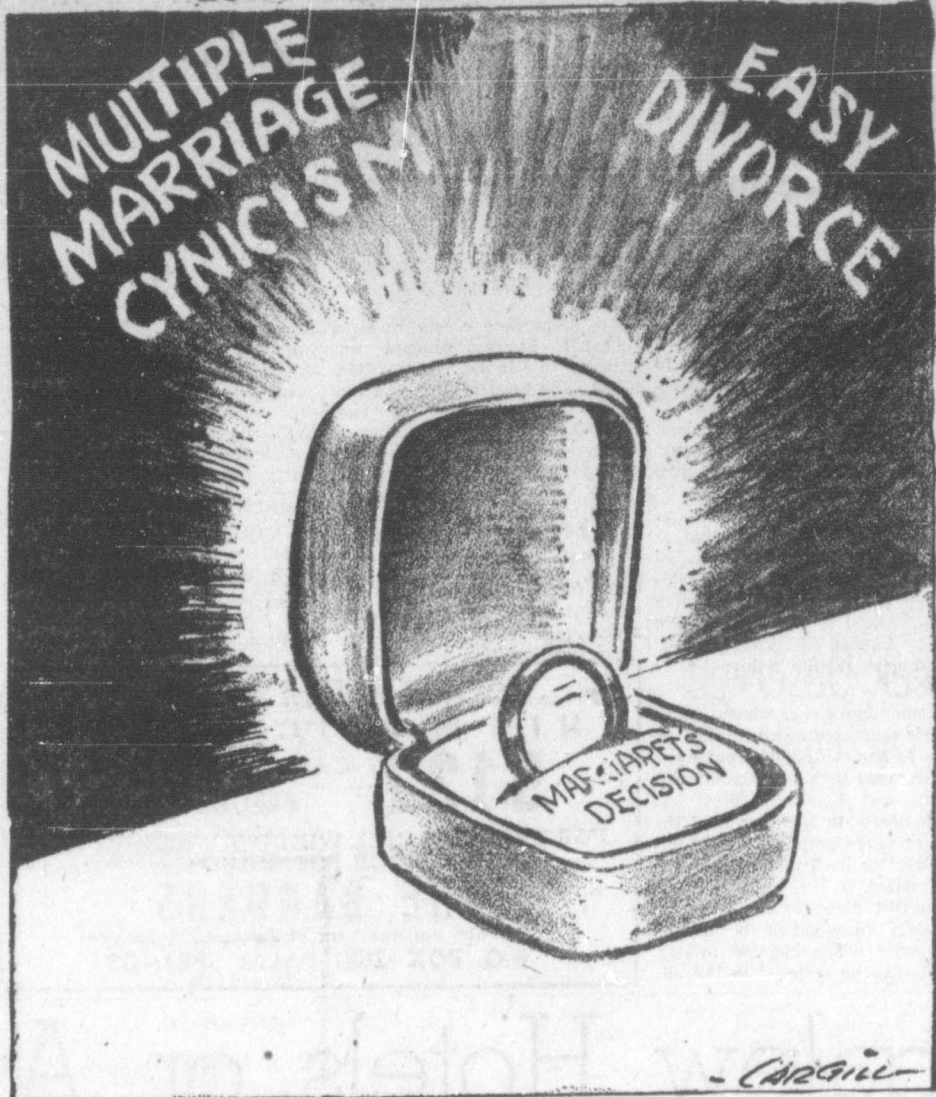

As welcome as these promises may be, such statements also give plenty of food for thought. It is difficult to accept any line of reasoning which endeavors to show that our great Nation's economy is so geared as to permit tax reductions only during election years which are the same years that the same candidates will make promises of more funds for their districts, funds which must be derived from taxation.

BELTON S.C., NEWS — With the phenomenal population growth of our country, we have more school-age children than ever before — and woefully too few classrooms to accommodate them.

We should be building over 100,000 new classrooms each year. Right now we are behind more than 300,000 classrooms.

This is a grave and growing and pressing problem that concerns every American. Industry is exerting every effort to the solution of the problem—but the solution requires the attention and effort of all of us.

20TH CENTURY HOPE CHEST

THIS SIDE of The Sun

By Phat
Some birds fly west
and some fly east.
But there's one who ain't,
he's the feast.

Yep, day after tomorrow comes the day we give thanks. Until after all of the gorging. Then we try to synchronize our groans with those of the table. But there are many things for which to be thankful—including the fact that along with the announced policy of The Desert Sun — every day but Sunday and Mondays and holidays—Thursday is a holiday, meaning a late sleep which is easy these beautiful mornings.

THERE'S ONE THING about Thanksgiving Day I've noted for some time. In the week or ten days prior to the royal gorge, words of advice on how best to process the bird and the stuffing are bandied about freely along with some arguments about the best way. I am aloof to the pre-arguments. Mine are always after the feast—what to take to relieve that stuffed feeling. You can get into an argument on that, too. . . . Then there are those arguments about basting—whatever that is—but it seems to be important. Overheard a discussion the other night. One said white wine, another red wine and a third held out for ginger ale. No one mentioned bourbon. Or Scotch. Probably would make the gravy too potent.

IT HAS BEEN a long time since I have paid my respects to the front office where all of those pretty girls are laboring over hot classified ads. But I guess a little plug won't hurt. Seems to me that the classified pages of The Sun are read more thoroughly than any other. I've had experience. The other day I wished to insert a classified and went to the counter to place it. Wanting to ride for free, I said: "I want a dead-head." Said Rita, "take your choice, there are plenty around here." Then I explained that a dead head meant for free. A pass to the class pages, in other words. Well, what I am getting at is that I never had such a numerous or a more speedy response to that little three-liner. The phone kept jangling soon after the ad appeared on the streets and in the homes, Mrs. G. said.

THURSDAY, DECEMBER 1 is S-D day. Safe-Driving Day when all motorists are supposed to exercise special caution to prevent accidents. Vice-President Dick Nixon had a comment on that this week. He explained the purpose of S-D day and then asked, why not 365 S-D days a year? Good thought. The automotive industry is going all out for safety devices. Door locks that won't spring open and precipitate the occupants of the car on to the pavement in the event of a crash, safety belts to keep people from bashing the front of the car at a sudden stop caused by an impact. Flexible, collapsible steering wheels, shock absorbers front and back and the like. The only safety device that they have not perfected yet is the person behind the wheel. When they get that done, the highway toll is going into a sharp decline. Too many drivers observe S-D day the year around but in their case, the letters stand for sloppy driving.

PERSONALLY, I AM nursing a grievance. I got so excited when John Arnett ran that opening kick-off back for what seemed to be a

Dr. Benjamin Goldberg

Medical Viewpoints of Flying

Physicians are frequently called upon to advise patients as to the advisability of flying. The two factors in safe flying are the plane and the condition of the individuals, either employees or passengers, who fly therein. In healthy persons, the important consideration is the comfort of the passenger.

THE THREE MOST important problems with the passenger are anxiety, air sickness and ear ache. The discomforts most frequently feared by travelers are: lack of oxygen, expansion of the intestinal gases from the lower pressures of the high altitudes, noise, vibration, and buffeting about, but these latter occur only at a minimum.

ANXIETY-PASSENGERS rarely complain of fear and anxiety, mainly because they regard this as an expression of cowardice. Most of their fears are unwarranted, and a brief explanation usually suffices to relieve their anxiety. A mild sedative may be given them, or dramamine given for air sickness will act as such a sedative. Fear of flying is far greater than it should be, in view of the comparative accident rates for different forms of travel.

AIR SICKNESS — This is the most common complaint among air travelers. The factor involved is the unfamiliar movement of the airplane, especially in turbulent air. In long flights at high altitudes, to fly around bad weather, motion sickness has become a minor problem. However, these conditions are not always possible and on certain occasions many passengers may become ill. Motion sickness can be prevented in almost every case, but once it is present it is difficult to cure. There are three drugs of choice which your physician can prescribe. These are: dramamine, bonamine and marezine. Use of any of these should be taken at least one-half hour before flight. I jumped up and put a crick in my back. Creek, heh, the whole Mississippi. What I am more about, both mentally and physically, is that I would not mind the disaster if they hadn't called back that beautiful run.

hour before flight, and again in four to six hours.

EAR ACHES — Changes in the barometric pressure lead to expansion and contraction of free gases in body cavities. Normally, there is a balance of pressures on both sides of the ear drum, but with a blockage of the inner eustachian tube due to swelling of the canal or an obstruction from a growth, or to the simple muscular contraction at the beginning of this tube in the throat, the ear drum is pushed out and severe pain occurs. Causing a motion of the muscles of the mouth and throat in chewing gum, relaxes the muscle spasm, restores air inside the canal, reestablishes the balance, brings the ear drum back to normal and relieves the pain.

Disabled or sick passengers may at times have their illness aggravated aloft. It is important to evaluate each particular case, the type of equipment in which the individual is to fly, the duration of the flight, as well as the number of stops, changes, and weather conditions at that time.

Most planes today have pressurized cabins, so that flying at 20,000 feet, a pressure of only 5,000 to 7,000 feet is maintained in the cabin of the plane. All modern planes have oxygen outlets at every seat, and a request to the stewardess will bring a rubber tube which may be used to supply any inadequacies of oxygen.

Washington Report

WASHINGTON — Secretary Dulles is strongly against any further reduction of U.S. military strength in view of Russia's torpedoing the Geneva conference.

This deliberate thwarting of earnest efforts to ease world tensions, the Secretary of State told President Eisenhower in their long discussion, makes it vitally essential that American defenses be maintained at full strength and readiness.

"The dismal outcome of the conference," Dulles said, "raises the serious question whether it is possible to do business with the Soviets."

Dulles also reported a "veiled hint of use of the Red Army."

This startling incident occurred during one of Molotov's acrid harangues by free elections. Dulles related to the President that the Russian Foreign Minister truculently boasted of satellite East Germany's strength and influence.

"He declared this so-called Democratic Republic has a great future ahead of it," Dulles said, "and he coupled that statement with the assertion this regime has strong and loyal friends, a veiled hint of use of the Red Army."

The Allies went to great lengths, Dulles explained, to try to work out compromises. But to no avail. Molotov was unyielding on every issue.

"Our proposal for a security pact," Dulles informed the President, "graphically demonstrates the lengths to which the Western powers, with the concurrence of the German Federal Republic, were willing to go to remove Soviet concerns on security. Under our plan, the Soviets could operate radar warning systems in Western Europe, and NATO members could operate similar systems in Eastern Europe."

territory from which attack might be feared. On a smaller scale, this is comparable to the aerial reconnaissance plan laid before the 'summit' conference. But all efforts proved useless. Molotov made it clear the Soviets intend to keep Germany disunited indefinitely, and that this intention is based on political rather than security grounds."

NOTE: The President and Dulles discussed the advisability of reviving the plan to send Vice President Nixon on a good-will tour of the Middle East. That was set for this month, when the President's heart attack shelved the trip. It is now again being considered in inner White House councils.

KREMLIN'S REAL AIM — Dulles' report on the Geneva conference charges flatly that Russia is bent on communizing all of Germany.

"It is unmistakably clear," the Secretary of State informed the President, "that the Soviet has no intention of settling the German problem on any basis that does not involve the communization of all Germany. Russia intends to continue its iron hold over East Germany, and to extend the political and economic system of that satellite to the rest of Germany. Molotov left no doubt of that in his speeches during the final week."

Try and Stop Me

By BENNETT CERF

IN AT LEAST one respect, Soviet election days are just like ours. All bars are closed while the polls are open. Hy Gardner tells of one Muscovite who demanded a reason. "I know," whispered his friend, after an apprehensive look to make sure the coast was clear, "they close the bars here so nobody will see two parties where there is only one."

To show how well the MGM trademark is known, the movie outfit's vice-president Howard Dietz tells of two kids who were standing before the lion's cage in the zoo when the king of beasts gave out with a terrific roar. One kid backed away, terrified, but the other said, "What's the matter with you? Aren't you going to stay and watch the picture?"

Telephone Hogs Blamed in Death of Baby in Tub

SACRAMENTO, Calif. (AP)—The sheriff's office today blamed the death of an 18-month-old baby on two telephone "hogs" who refused to get off a party line so his mother could call for help.

Mrs. Carroll Mansker said she left her infant son, William, in the bathtub yesterday with his 2½-year-old brother, Carroll Jr., while she went to the living room to take care of another child.

She heard the baby scream. Running to the bathroom, she found him lying in the tub with the hot water running on him.

Mrs. Mansker ran to a neighbor's to telephone the doctor. Two women were talking on the party line. When she told them her baby was badly hurt, one woman hung up but the other woman refused to get off the line.

A man subsequently came on the line and began arguing with her, she said.

Finally, Mrs. Mansker gave up and ran to another neighbor's to telephone. She said the delay was at least 20 minutes.

The little boy was dead by the time the ambulance arrived.

Deputies were trying to learn the identities of the man and woman on the line.

LOOT GLOVE COMPARTMENT

Raymond French, 1312 North Indian Avenue, left keys in the ignition switch of his car when he parked it yesterday at Howard Manor. When he checked in the locked glove compartment he discovered a camera, case, and strap and other articles, valued totally at \$24, missing. The keys were back in the switch and the dashboard was locked.

PLANS FOR THE 1959 national convention for Disabled American Veterans and the possibility of its being held in Palm Springs were discussed when local delegates met with Village men Sunday at American Legion Hall. They are, left to right, R. W. Peterson, city manager; Dr. James Potter, local DAV commander; Val Lawson, Eighth District commander; Jack

Goodman, Ninth District Executive committeeman, and Jimmy Cooper, manager of the Palm Springs Chamber of Commerce. Palm Springs Chapter 66, DAV, is starting a campaign to have the 1958 state convention held here in June and the 1959 national in October. They hope to get a pledge of State support at the Ventura convention in June of next year.

Letters to Santa Bring Response from Post Office

The faith of children that their letters to Santa Claus will be delivered will give the Post Office Department one of its annual problems during the coming holiday season. O. H. Fuller, regional operations manager, Post Office Department, San Francisco, said today.

"Postal workers know that Christmas, instead of being happy, can mean broken hearts for many unfortunate children," Fuller said, "because there will be letters like the following typical examples."

DEAR SANTA CLAUS:
 I am nine years old and I would like you to please send me a mama doll that cries and sleeps so please don't forget me Santa. A big mama doll. If you do send me I would be very happy. And also a warm blanket to cover myself.

My Daddy is in the hospital because he has heart trouble and my Mommy is sick too but she is home with me and my brother Allan. I wrote last year to you and you forgot about me.

DEAR SANTA CLAUS
 We wrote you last year and year before, but you never sent us nothing. I am eight years old now. Please try to stop at my house.

DEAR SANTA CLAUS
 Last year you only brought us oranges and some popcorn. Gee, Santa, that wasn't very much. Fuller said, "The Post Office Department has a soft spot in its heart for these children. There is a special provision in the Postal Manual with respect to letters from children to Santa Claus. Such letters do not have to be stamped 'Un-Deliverable — Address Unknown' and sent to the dead letter office. Postmasters are authorized to turn over Santa Claus letters to individuals or groups which request them for exclusively philanthropic purposes."

The regional postal official concluded, "Anyone who would like to help make Christmas 1955 a merry one for some deserving youngster can contact the local postmaster and make arrangements to receive a Santa Claus letter in accordance with Postal Manual Section 458.6j."

Round Dancing Classes Slated on Wednesdays

Round dancing classes will be held each Wednesday, starting tomorrow, from 8-1:30 p.m., at the clubhouse on the Polo Grounds parking lot, it was announced today by the City Recreation Department.

Howard Haddock, City Recreation Director, said round dancing, similar to square dancing, has become more popular in the last year. He said the acclaim has required the instigation of city-sponsored classes.

Sam Josell will call the dances, and music will be recorded. No admission will be charged for the Wednesday night affairs, Haddock said, but the number of class enrollees will be limited.

The first railroad locomotive operated west of the Mississippi River to the Pacific Railroad of Missouri, a predecessor of the present Missouri Pacific Lines. It made its first run at St. Louis December 9, 1852.

Mexican Film Extras Decide on Job by Food

CUERNAVACA, Mexico, (AP)—Five Tlatica Indians hired as extras for a movie being filmed near here had a ready explanation for their appearance at another film company's location.

The extras said the matzo ball soup and gefulte fish served on the Richard Widmark-Jane Greer "Run for the Sun" location was better than the Mexican dishes offered for lunch on the set of Robert Mitchum's "Bandito."

Security Ruling to be Reviewed

WASHINGTON (AP)—The Supreme Court has agreed to decide whether President Eisenhower overstepped his authority two years ago in extending the security program to all government employees.

Kenrick M. Cole, ousted New York food and drug inspector, brought a case to the high court contending that Mr. Eisenhower was bound by a 1950 law to authorize security dismissals only for persons in positions which have a bearing on national defense.

The court will rule on Cole's case later this term. Cole argued that there was no justification for labeling him a security risk when he was fired since he was not in a position to reveal secrets or influence policy.

The government argued that terms of the law were broad enough to give the President power to blanket all government workers under the program.

CITY EXAM SCHEDULED
 The City of Palm Springs will hold a competitive examination for equipment operators at 7 p.m., Wednesday, December 14, at the city council chambers. The city's classification for equipment operators provides a salary bracket of \$303-371 per month, with a 48 hour week.

The regional postal official concluded, "Anyone who would like to help make Christmas 1955 a merry one for some deserving youngster can contact the local postmaster and make arrangements to receive a Santa Claus letter in accordance with Postal Manual Section 458.6j."

All-Time Tourist Record Set in State Last Month

Southern California's tourist business, which set an all-time record the past year, continued to show increases during October, the All-Year Club reported today.

A total of 302,290 tourists arrived on vacation visits from other states and foreign countries during the month, according to W. Herbert Allen, president of the community tourist advertising organization. This was 13.3 per cent more than a year ago.

Allen said the largest portion of this money was spent directly into retail trade, hence it spread quickly through business channels all over the Southland, stimulating commerce and stabilizing employment.

OCTOBER, HE POINTED out, is the mid-month of the Fall vacation season, one of the four seasons stretching around the year to give the Southland a continuous, 12-months tourist business. When the All-Year Club was organized 34 years ago to carry on the community tourist advertising campaigns, there was only one tourist season, Winter. The purpose of the All-Year Club campaigns was to build an all-year business.

During the 12 months ending September '51, the tourist business set an all-time record when the number of arrivals went above the 4,000,000 level for the first time. They spent \$563,955,372.

Pacific Water Hearing Set for November 29

Hearing on the application of Pacific Water Co., a California corporation, for a certificate of public convenience and necessity for the Sterling Tract, Riverside county, will be held in the Palm Springs city council chambers at 9:30 a.m., Tuesday, November 29, the Public Utilities Commission announces.

All interested parties are invited to appear at that time.

Someone commented that the cot looked flimsy. "Not at all," said Nehru and he lay down. Then the pudgy Khrushchev gave it a try. The cot collapsed.

Cause of Crash in Nevada Sought

LAS VEGAS, Nev. (AP)—The Air Force today was conducting an investigation to determine what caused an Air Force C-54 to crash into Mt. Charleston, killing all 14 persons aboard.

Nine civilians and five Air Force men, on their way to the nearby Atomic Proving grounds, perished when the plane smashed into the mountain's snow-capped peak last Thursday. The civilians were employees of the Atomic Energy Commission.

There are 13 rivers or river systems that are 1000 miles or more in length in the United States.

Says Nation Due for Epidemic of Flu this Winter

WASHINGTON (AP) — A leading medical authority said today there is a pretty fair chance the nation will have an influenza epidemic this winter.

No way to tell for sure. But Dr. Dorland J. Davis said flu epidemics strike in cycles and this country is about due for another.

If an outbreak occurs, Davis said it probably will be the relatively mild form of influenza which figured in the epidemics of 1951 and 1953. Even so, it could bring a lot of misery to thousands of Americans.

Davis heads the laboratory of Infectious Diseases at the government's National Institutes of Health. He also is in charge of the World Health Organization's Influenza Center in the United States.

INFLUENZA IS a big troublemaker. In its milder forms, it produces a general feeling of discomfort—headache, cough, four to five day fever, general aching and a feeling of being "all washed out." In its more serious forms, flu can lead to pneumonia and death, especially among older people.

The symptoms are similar to those found in severe colds, gripple and a half dozen other common respiratory infections. But true influenza is caused by its own family of viruses. It usually is spotted when there has been a fairly large outbreak and experts move in to make a laboratory identification.

ACCIDENT

Mortuary by her brother-in-law, William Johnson.

The bridge is located just within the city limits of Palm Springs, on land recently annexed by the city.

PALM SPRINGS police officers Robert Davis, Ray Youngberg and Robert Johnson were aided at the scene of the tragedy by two units of the California Highway Patrol and a Sheriff's deputy unit.

Deputy Coroner Robert Drake has scheduled an inquest for 2 p.m., Wednesday, at Wiefels.

The worst traffic accident in Palm Springs history occurred on the eve of S-D Week in the Village. It will officially start tomorrow and continue until S-D Day, which is being observed throughout the nation.

POLICE CHIEF August G. Kettmann said that the tragedy only serves to further emphasize the need for emphasis on safe driving. "It is unfortunate that three persons had to die to serve as an added warning," he stated.

City Manager R. W. Peterson concurred with Kettmann, saying, "As much as we hate to see things like this happen, it points up all the more the necessity for safe driving in Palm Springs during S-D Week and all through the year."

GEORGE BOND, director of S-D Week, said:

Tragedy of three young people dying is now mirrored in the faces of their families and friends and everyone who witnessed the accident scene. Keep tragedy from your family by practicing safe driving at all times."

Seek Family of 5 Missing in Desert

SAN BERNARDINO, Calif., (AP) — A search was launched today for a family of five missing for two days in a remote area north of here.

Sheriff's deputies said the family of Leroy Evans of San Bernardino was last seen Sunday near Emerson Dry Lake in Lucerne Valley where it had joined another family on a motor trip. The Evans had neither food nor warm clothing.

The missing were identified as Mr. and Mrs. Leroy Evans, and their children, Leroy Jr., 5, Shirley 4, and Mary, 3.

Deputies said the Evans neighbors, Mr. and Mrs. Anvil Johns, told them the two families went in separate cars to a desolate area near Emerson Dry Lake.

The Johns said the two groups made their Sunday outing to the Cholla mine and then left to return by separate roads.

That was the last they saw of the Evans family.

LOS ANGELES (AP) — Russell Tongay, who "blackened out" and walked away from a prison guard in New Orleans 10 days ago said today he's willing to return to prison but first wants "proper treatment" for a condition he believes is lung cancer.

The swimming instructor escaped from a prison guard while serving sentence for the high-dive death of his four-year-old "Aqua-tot" daughter. At the time he was being transported from Florida to New Orleans to get a lung examination at government expense.

Tongay turned up here yesterday at a local hospital.

Chivalry Needed is Belief of Teachers

LEESBURG, Pa. (AP) — Two pretty high school teachers vowed today to teach their students "Chivalry" following their experience with a thief.

Betsy Jane Chambers and Barbara Kinard, both physical education instructors, said they interrupted the work of a burglar in the school and chased him for blocks, screaming "stop that man" but all the men they passed during the chase just stood and stared.

His Bumpy Short Cut Costs Autoist \$75

MORRISTOWN, Ill. (AP) — Authorities had difficulty finding a law to cover Henry Roth's traffic offense but finally charged the 28-year-old Tampico, Ill., man with reckless driving and fined him \$75.

Roth was charged with driving his car along a five-mile stretch of railroad track thinking it was a "short cut."

The Ohio River starts at the junction of the Allegheny and Monongahela Rivers at Pittsburgh, Pa., and ends at Cairo, Ill., where it joins the Mississippi, a distance of 981 miles.

Turkey and the Trimmings Includes a Lot of Advice

By ELIZABETH TOOMEY
United Press Staff Correspondent
NEW YORK (AP) — More people are ready with more advice on Thanksgiving dinner than any other single meal served during the year.

It may be a simple male opinion "just have plenty of dressing and mashed potatoes. Never mind all the fancy stuff."

Or it may be a tip from the neighborhood gourmet — "try basting the turkey with white wine... makes all the difference."

In the interests of keeping these mouth-watering conversations going, we asked a turkey public relations man for some of the most popular turkey-cooking customs.

MOST PEOPLE JUST baste turkeys with the natural juices, the authority said. "But there also are cooks who use cranberry juice, wine, cider, orange juice, ginger ale, butter, spicy barbecue sauce or peach nectar." An official turkey-cooking pamphlet

put out by the poultry and egg national board says turkeys don't need basting at all, providing the bird is thoroughly greased and covered during the cooking with a fat-moistened cloth or aluminum foil.

The stuffing, or dressing or filling depending on which section of the nation you come from, can include everything from filberts to

cornbread. The all-around favorite with every Thanksgiving diner.

is a simple bread crumb stuffing.

Cornbread dressing is used frequently in the South. Pecans and oysters are regarded as ideal stuffing ingredients by other Southerners. In New England cranberries often are added to bread stuffing. And in Minnesota, dressing recipe includes raisins.

FOR LAZY COOKS this year also is a new solution—frozen turkeys that can be bought already stuffed, ready to cook.

Mashed turnips, one old style group of eaters insists, must go

"In Baltimore they serve sauerkraut with turkey," a turkey public relations man said.

"Mince pie with ice cream," one fellow reading this story over the writer's shoulder insisted. "Not pumpkin pie or plum pudding—mince pie with ice cream."

That's the way it is with Thanksgiving dinner. People are positive about it.

Hass Elected Democrat Head

Palm Springs Area Democratic Club last night elected their 1955-56 officers in preparation for the coming national campaign.

They are: Herb Hass, president; Sol Forman, vice-president; Thurman Arnold, Jr., treasurer; Barbara Bruton, recording secretary; Mary Pickell, corresponding secretary, and Vern Baumgardner, sergeant-at-arms.

Sen. George Maypole, retiring president, was named president-emeritus.

Robber Gets \$200 But Forgets Groceries

DETROIT (AP)—Police said a man browsed through a Detroit grocery store Monday night, finally placing a package of rice, a can of sardines and a can of anchovies on the cashier's counter.

Then, police said, the man slapped the clerk's face, scooped up \$200 from a cash register and fled in a stolen car - without his groceries.

Quintuplet Marie Dionne Ordered to Month's Rest

MONTREAL (AP)—Quintuplet Marie Dionne has been ordered to take a month's complete rest because the cloistered life of a nun was "too hard for her frail health," a spokesman for her family said today.

Marie, one of the four surviving quintuplets from Callander, Ont., left a convent of the Order of the Servants of the Blessed Sacrament at Quebec City last Wednesday. She now is being treated at the Notre Dame de l'Esperance Hospital at St. Laurent, a Montreal suburb, where her sisters Yvonne and Cecile are student nurses.

The family's statement was the first official confirmation that Marie was in the hospital. Hospital officials had repeatedly denied she was there.

The spokesman said the 21-year-old quintuplet's father and mother would visit Marie at the hospital next weekend. Papa Oliva Dionne said Saturday he doubted she would ever return to the life of a nun. She had not reached the stage of taking perpetual vows when she left.

Marie has anemia, a blood condition that causes a lack of red blood cells and results in serious loss of appetite. Her family said

SOMETHING NEW under the sun... and stars

A Dome Car with two decks—
and every seat 'under glass'

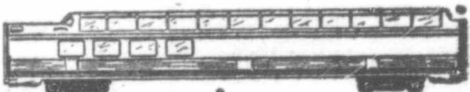

"Sky-wide and handsome" is what you'll say about Southern Pacific's unique new Dome Lounge Car, when you first step inside. It's built on two levels, or terraces, but is open to the heavens from stem to stern. (Incidentally, we've also put in extra capacity air conditioning, and lightly tinted glass, so that it's always pleasant inside, no matter what the weather outside.)

One third of the car is a high-ceiling cocktail lounge, while up a short flight of steps is a terrace deck with many more comfortable seats for enjoying refreshments and unparalleled views of the scenery.

A ride in one of these new Dome Cars is like a ride in a convertible with the top down—but without the wind.

You'll find a new Dome Lounge Car on the San Joaquin Daylight between Los Angeles and San Francisco via the Valley Route, the Shasta Daylight between San Francisco and Portland, and between San Francisco and Ogden on the Overland.

We invite you to try one soon—and we hope you'll find it an indication that, for both passenger and freight, we are trying to do a modern, progressive job of railroading.

FRIDAY'S BRIDE was Darlene Eleanor Dwyer, who married Finley Allen Narmore in the Brentwood home of her parents, the Richard Dwyers.

Darlene Dwyer Becomes Bride in Candlelit Rites

In the candlelight living room of her parents' home in Brentwood, Darlene Eleanor Dwyer became the bride of Finley Allen (Burr) Narmore Friday evening.

Only a few close friends and relatives attended the ceremony, solemnized by Rev. E. Lawrence Carter, Episcopal chaplain at UCLA, at 7:15 p.m. A reception followed at 8 p.m.

Creating a white and green theme, the residence was decorated with white chrysanthemums and magnolia leaves. The bride descended a graceful staircase and the ceremony was performed against the setting of a spacious

bay window draped with white satin. On each side of the window was a five-branch candelabra.

The bride was stuning in her white tulle gown, with bodice pleated diagonally, each pleat held in place by a row of seed pearls. Her Juliet cap duplicated the design of the bodice, with pleats and rows of pearls. The skirt itself was very full double circle layered tulle. The bride carried white roses and lily of the valley.

Maid of honor was the bride's sister, Nancy Dwyer, wearing an emerald dull satin gown and carrying white spider chrysanthemums. Alvin Rabalais served as best man. William Gregg of Fresno, brother-in-law of the groom, was usher and Mrs. Gregg was hostess.

Mrs. Richard Frederick Dwyer, mother of the bride, wore a coral peau de soie and chiffon gown. Mrs. Fred Allen Narmore, mother of the groom, wore a light blue peau de soie gown with jeweled neckline.

The reception took place in the garden under a tent decorated with white balloons and magnolia leaves. The cake was placed impressively on an elevated platform trimmed with columns of white satin entwined with magnolia leaves. Music for dancing was provided by Joe Moshay.

After the honeymoon, the young couple will be at home in their Santa Monica apartment. The new Mrs. Narmore is a graduate of Marlborough and UCLA, where she was a Kappa Alpha Theta. The groom is a Phi Kappa Psi at UCLA.

Clubwomen Will Hear Book Review

Mrs. Walter Yeaton, chairman of the Literary Section of the Palm Springs Woman's Club, has scheduled a very interesting program for the first meeting of the year to be held Monday, November 28, at the clubhouse. The speaker will be Mrs. A. J. Casebeer of Idyllwild and her subject, "There Is No Asia," by Dwight Cooke, CBS News and Public Affairs Analyst.

Mrs. Casebeer served for two years on the program committee for the Ebell Club of Los Angeles. She has given many programs for the Friday Morning Club of Los Angeles, Literature Department, the Pasadena Shakespeare Club and the Book Review Section of the San Diego Woman's Club. For five years, Mrs. Casebeer gave a series of book reviews in Pasadena which dealt with world thinking through the medium of fine books. Her lectures are delightful, informative and inspirational. As a result, she is one of the most popular book reviewers in Southern California.

Luncheon will be served at 1 p.m. For reservations, please call assistant chairman, Mrs. Thomas Holland, 4282, or Mrs. Clare Kine, 3779.

Plates Hosts at Sunday Brunch

Mr. and Mrs. Carl Plate hosted a Sunday brunch at their home at 1428 El Alameda. The guests, who were from Corona, made the trip to the Village that day. They included Dr. and Mrs. Leonard King, and Messrs. and Mesdames Harold Hof, Al Chaney, Clarence Williams, Lynn Lillibridge and William Huston.

The spacious home and garden with the lovely pool gave the out-of-towners a typical Palm Springs "good time."

Important Paintings on Exhibit

Southern Californians will have a rare opportunity to see works of art by contemporary, younger artists from the School of Paris as well as that of older, more renowned painters this week through December 4 when 181 paintings, drawings and prints, as well as ceramics by Picasso will be on exhibit at the Cowie Galleries in the Biltmore Hotel, Los Angeles.

This important show, which just arrived directly from Paris, is the collection of Edgardo Acosta, former member of the London String Quartette, who is a native Californian. Acosta, who resides in Paris most of the year, is an intimate friend of many of the artists whose work is represented in his collection. Mr. Acosta will be in Los Angeles during the exhibition period.

The exhibit will include work by Cezanne, Degas, Picasso, Tanguy, Buffet, Leger, Pascin, Matisse and Modigliani. Some of the younger artists, seldom or never seen in this country, are: Tejero, Clave, Carzou, Survaug, Dauchot, Venard and Pisanio.

One of the highlights of the show will be a beautiful painting by John Singer Sargent depicting a girl dancing the Flamenco with musicians in the background.

The exhibit is open free to the public at the Cowie Galleries from 9:30 a.m. to 9:30 p.m. daily and on Sundays from 2 p.m. to 7 p.m.

Mr. and Mrs. Bill Erickson of Los Angeles were guests at the La Fonda recently. While in the Village the Ericksons with their local friends, Mr. and Mrs. Russell Morgan had dinner at the Steak Ranch on Saturday and managed to catch all the shows at the Palm Springs night spots.

Art Center Has Tea at Opening

Mrs. Austin McManus was hostess at the tea which opened the Desert Art Center Friday at its new location on the Village Green, where it is located between Elbo's and the Chapel building. Mrs. Al Hoover assisted Mrs. McManus with the hostess duties.

Around 150 attended the tea and viewed the exhibit of juried paintings which were hung in the gallery. Paintings were also in exhibit in the patio which will be used as an outside art mart.

Following the recent resignation of Graham Dexter as president, the Desert Art Center business is being handled by the vice presidents, Oscar Stern, William Tackett and Estelle Yerkes. Election will be held at the annual meeting in January.

Mr. and Mrs. C. N. Essinger, who are guests at the La Sista, will leave for Vancouver, B. C., in a few days. The Essingers have been coming to Palm Springs for the past ten years and loving it as they do, promised to return about the middle of January for another few months of desert sun.

Pastor's Sister Goes to China

Word has just been received here that Sister Agnes Miriam (Leissler) of the Sisters of Providence of St. Mary's of the Woods, Indiana, is departing for the Mission fields in Formosa, China. Sister Agnes, who has been a nun for some 27 years, taught most of her life in schools in the Midwest. However, for the past 10 years she has been stationed in Alhambra and Van Nuys.

When one of the Sisters of Providence returned from the Missions because of ill health, the sister of Father Leissler, Pastor of St. Louis Church in Cathedral City, offered to replace the sick nun. Despite a long waiting list of volunteers, Sister Agnes was chosen as the replacement. Father Leissler rejoices with his sister in her appointment and the fulfillment of a long felt desire to work in the fields afar.

Culver Citizens Honeymoon Here

Now honeymooning in the Village, after their marriage here Saturday, are Byron Gerrich and his bride, the former Florence Case. The ceremony took place at La Sista with Judge Hilton H. McCabe officiating. Vern Slocum and Patricia Handley, friends of the couple, were witnesses.

The newlyweds are natives of Culver City and will make their home there. Mr. Gerrich has been recently discharged from the Marine Corps.

Sudden and extreme changes of temperature may cause metal cooking utensils to warp. Don't run cold water into a hot pan, nor pour hot water into a vessel that's been chilled.

If you remove a grilled cheese sandwich from the heat when the cheese begins to melt, you won't have the common problem of tough cheese and a dirty pan to clean.

MGM director Charles Walters had some help when he cut his birthday cake Saturday night at the housewarming for his new Palm Springs home at the top of Via Sol. On left is

Frank Sinatra, who starred in Walters' 13th film "The Tender Trap," and on right is an old friend from early theatrical days, Desi Arnaz.

Around Town

with Hildy Crawford

There's Thanksgiving in the air... and Christmas in the windows... in Palm Springs this week... and everybody is partying and planning... going and getting... and more than usually busy...

This noon, of course, activity centered around El Mirador... for the Edith Small showing... and the fashionable audience came very close to stealing the show... marvelous as it was... The models may have been slimmer... but it was well-dressed luncheon group... This smart affair stretched out a busy Palm Springs weekend... or started a prolonged Thanksgiving holiday... I don't know which...

MGM director Charles Walters... whose 13th picture was "Tender Trap"... had a birthday Saturday... and combined that with a housewarming for his new Palm Springs house on Via Sol...

A four-piece orchestra played for dancing... and Santos served one of his delightful suppers... Guests were seated at tables in the lanai... with a piliofilm curtain between it and the pool... where a regal lighted swan (plastic) floated...

The cake, with its miniature man and one tall taper... bore the names of Walters' films... Frank Sinatra, star of the most recent one "Tender Trap"... Leonard Gersne (he does the Ann and Desi Arnaz, who has been a

(Don Loper designer) and Jack Smith who arranged the party... Ken Morgan (Desilu publicist)...

It is getting so you can't afford to miss those Sunday brunches at El Mirador... They are that much fun... Everyone seems to know everyone else... and you never know what's on the program... Tex Kidwell is good all by himself... and Frank Bogert joined him to sing "El Rancho Grande"...

Pietro Gentile was there and sang several numbers... Dr. Irma Glenn played for him... as he sang her composition, "This I Know"...

Sensational was that cute little trick... Betty Rhodes, who captured everyone's heart... No bigger than half a minute... She has a beeb voice... and sang Mary Martin's "I Gotta Crow" so that Mary needs no apologies... Betty, a USC student, has a future... Playing the piano for her was Jim Sheldon, Horace Heidt's arranger... You can hear Betty at Lone Palm weekends... and you will certainly be hearing her other places too...

Eta Lee was at the brunch with Bess Bender... plotting a fashion show with a Chinese motif... which Miss Lee will commentate... It will be at El Mirador within the next few weeks... Miss Lee tells me that her friend Lily Pons is due back in the Village... around month's end...

The Maury Horners had a table of guests at the brunch... Elsinore Gilliland was with her attor-

ney and his wife, the William Murphys... Lloyd and Orph Frank had Orph's sister Lucille Bobair with them... and Lucille says she will be here until after New Year's... The Franklyn MacCarthys, Marguerite Clatworthy, Trav and Willie Rogers... Dr. and Mrs. Samuel Salinger, Kay Morris (Howard flew to Seattle this weekend)... Tommy Soderberg, Mary Hurrell... Ralph Wilcox Taylor, George Shaw, Ed McCoubrey... Kay Obergel, pounds lighter after her Arizona junk... were among the ones glimpsed at the brunch...

We went by Tamarisk Park... to admire the pioneer get-ups... and they were pretty good... Sorry I missed Charlie's arrival with his tennis racquet... and Katherine Finchy's remark about Milt Hicks... Melba Bennett and Alta Roberson were in early day costumes... supposed to be the ones they wore when they arrived in the Village... I wasn't convinced... I've never seen them look that way before...

Dropped in at Ralph Wilcox Taylor's Villa Algeria for cocktails... and to say "Hi" to Joan Winchell... who was doing a whirlwind tour of what was doing in Palm Springs this weekend... Muriel Fulton was bursting with enthusiasm over the news that... Dimitri Tiomkin has read the script of "The Palm Springs Pageant"... likes it... and is seriously considering writing the music and producing the pageant for the Palm Springs Civic Foundation... Tiomkin wrote the music for three Academy Award winners...

"High Noon," "High and Mighty", and "On the Waterfront"... and has just finished Edna Ferber's "Giant" for Warner Brothers... The three women, Ruth Buffington, Helen Clarke and Ruth Henderson, who wrote the pageant... must be very happy... They couldn't have a better break...

Taylor told me... and I am telling you... that the new diningroom at LaPaz... which is being re-decorated for a December opening... will be called The Samovar... It will be done in gold, silver and black... and will feature several of the samovars from Taylor's collection...

Taylor also dropped a hint that LaPaz... may be converted to a club...

Went to Joe and Joyce Pawling's house... for a sort of continuation in a subdued way... of the Saturday night Walters' party... Joe was telling about the new circle house he is building... up near the Tennis Club... Lines of the house radiate from an 8-foot sun dial...

Walters told me that his next picture to start production around the first of the year... will be Cole Porter's "High Society", which started out as "Playground" and may easily wind up as "Smart Set"... This will star Crosby, Sinatra and Grace Kelly...

Judy Garland and Sidney Luft have been at their Palm Springs house this past week... They were dining at the Beachcomber one night... and Sunday nighting at the Racquet Club...

Bautzer Party is One of Many

Noted Hollywood personalities were among the guests of Gregson Bautzer, at the delightful party he hosted at the Racquet Club Saturday evening.

Among those present were Mr. and Mrs. Freeman Gosden, Mr. and Mrs. David Rose, Mr. and Mrs. Arnold Grant, Miss Mari Blanchard, Joseph Schenck, James Van Heusen, Maury Wolf, and Buddy Morris.

Nearby Mr. and Mrs. Ralph Kiner were hosts to Mr. and Mrs. Charles Pharris of New York City, and C. A. Smith, owner of the San Diego Padres, and also heads of the National City Banks and West Gate Tuna Company.

Mr. and Mrs. Nate Dumont entertained the same evening for their houseguests Miss Ann Miller, noted star of the screen, William O'Connor, Miss Shirley Thomas, Rosita Lederman and Robert Zimmer. Mr. Zimmer is head of military relations at Lockheed Aircraft.

The screen and ice's famed star, Miss Sonja Henie, who is vacationing at the Club, was escorted by James Bryant.

Guests of Mr. and Mrs. Lester Selig, who gathered earlier in the evening at the Selig's for the cocktail hour, were their houseguests Mr. and Mrs. Franz Ulrich of Hamburg, Germany, Mr. and Mrs. Jerome Selig, Mr. and Mrs. Edward Cooper, and Arthur Keating, all of Chicago; Mrs. John Dunbar and Mr. and Mrs. H. F. Oakes of Cleveland, who are staying at the Club for their annual Winter visit.

Mr. and Mrs. Belmont Sanchez were also hosts to a group of their friends including among others, Mrs. Frank Bering of Chicago, and Mrs. Carl Soderberg.

Mr. and Mrs. James French, Mr. and Mrs. Ed Krist, Mr. and Mrs. Harrison Fisher, Mr. and Mrs. Jack Meiselman, Mr. and Mrs. Earl Cordery, and Mr. and Mrs. Robert McKenzie were among others enjoying the evening in large and small groups.

Tea Party Honors St. Louis Woman

Mrs. Herbert Truax was hostess at a tea Thursday afternoon at her Rancho Mirage home, honoring her aunt Mrs. Henry Billings of St. Louis. Mrs. Billings, who is a houseguest of Mrs. Truax' mother, Mrs. Harlan G. Bosler, has been much entertained during her visit here.

The Truax home was decorated with a profusion of Fall flowers for the tea. Guests numbered about thirty women from Palm Springs, Palm Desert and Indio.

Mrs. Billings will return to her home in St. Louis after Thanksgiving. Coming to share the holiday with the Truax family, will be Mrs. Truax' son and his wife, Mr. and Mrs. James G. Searls and children, Jamie and Eleanor Kay, of Los Angeles.

Evelyn Spikre, who was a patient at the Desert hospital for the past two weeks is now convalescing at the home of Mr. and Mrs. Harry Tomlinson. Miss Spikre has many friends, especially at the city offices where she is employed in the accounting department, who are happy she is recovering so speedily.

THE FREEMAN GOSDENS were among the party guests when Greg Bautzer hosted a Saturday evening party at the Racquet Club.

Mr. and Mrs. Samuel Douds of 1335 S. Sunrise Way have gone to Santa Barbara for a few weeks. Since coming back to the desert this Fall the Douds have not been able to remain here for very long at one time and if business commitments continue their many

friends will not get to see much of them in the Village.

Newcomers to the Village are Mr. and Mrs. Sam Groce, formerly of Rhode Island. A short visit here last Winter was something they could not forget, so they decided to move here.

KEYNOTING Friday's fashion show luncheon which raised funds to send United States athletes to the Olympic Games, were the talks by Eddie Meyerson and Nancy Chaffee Kiner.

Style Show Raises Money for Jaycee Olympic Fund

The Jay-C-Eette-sponsored fashion show luncheon at the Ranch Club Friday noon raised money to send United States athletes to the Olympic Games, and Barbara Foster keynoted the affair by making her initial appearance in a specially-designed outfit to wear to the Olympic Games. It consisted of a deer-hunting hat, an ankle-length blanket coat and she was wearing sun glasses and carrying a ski pole. This got the show off to a good start.

The Corral Room was comfortably filled with over 200 luncheon guests who thoroughly enjoyed the showing of smart clothes from Bees. The Hal White Quartette furnished music for the showing.

Opening the show Peggy Paul modeled glamorous black and white lounges, with a turtle-neck top.

Outstanding was a pink and blue chiffon gown modeled by Barbara Foster, perfect for birthday or anniversary celebrations. Taylor Dunlevie was sensational in a basic black dress with jeweled contour belt and a black coat. Barbara Foster ended the show with a beige gown, with fitted torso and full skirt. Teitelbaum furs accented several of the outfits. Other models were Frances Manington, Pam Mix, Coral Phillips.

In the luncheon crowd were Edith and Dick Edwards with Mrs. Ned Bishop, Mrs. C. C. Hutchens, Ed Thrasher, Ray Corliss, Ken Herman, William Perlberg, Payne Jennings, William B. Malouf, Robert Sherrill, Anita Haskell Jones, Adelaide Cunningham, William Cody, George Beebe Sr., Harold Kemp, wife of the head of production at NBC.

Also: Mrs. John Spargur, William Bronstein, Sydney Schiff, Al Abdun-nur, Marge Folgeman, Harold Murphy, George Tucker, Walter McManus, Herb Esbitt, Joe Wood, Mel Ambler, Herman Ranes, Bud Lemen, John Linkie, Bob Higgins, Henry Clarke, Gillard Boyd II, Don McKinney, Nicole Mutascio, Les Wamsley, Bill Wilson, Marie Betash.

The Desert Does had a table for 20.

Among the men at the luncheon were General Ira Hamblurg, Jimmy Cooper, Ray Blumenthal.

Eddie Meyerson, tennis pro, in emphasizing the importance of the Olympic Fund, said that the American people, not the government, sponsor the athletes that represent this country at the Olympic Games. He said, "It all depends on the amount of money raised what kind of a team we send to Australia in 1956."

Nancy Chaffee Kiner, one of the country's great sportswomen and tennis great, also emphasized the importance of "sending United States athletes first class."

The fashion show raised \$127.50 for the Jaycee Olympic Fund.

MARRIED SATURDAY at Our Lady of Solitude were Janice Ann DeFrancis and Richard Delsasso, shown here with their flower girl, Rosemary Gendreau.

Janice Ann DeFrancis Wed in Saturday Ceremony

About seventy-five guests attended the smart wedding reception Saturday noon at the Tennis Club, following the wedding of Janice Ann DeFrancis, daughter of Mr. and Mrs. Joseph De Francis of Palm Springs, and Richard Leo Delsasso. The bridegroom is the son of Mr. and Mrs. Louis Alexander Delsasso of Los Angeles. He is the brilliant nuclear scientist.

The wedding vows were exchanged before Father Earl Jarrett of the Paulist Fathers, chaplain of UCLA Newman Club, in Our Lady of Solitude.

Robert Lewis Delsasso, assistant Dean of Physics at UCLA, acted as best man for the bridegroom and the tiny flower girl, Little Miss Rosemary Gendreau, was the granddaughter of Mr. and Mrs. Joseph DeFrancis. Later at the Tennis Club she enchanted the guests by dancing to the music of Tony Rose and his orchestra. The bride's sister, Mrs. Louis De Francis Turner, came down from Los Angeles to be matron of honor.

Others at the wedding reception included Mr. and Mrs. Thurman Arnold Jr., Mr. and Mrs. Henry Cleary, Mr. and Mrs. Floyd Cameron of Riverside, Mr. and Mrs. Frank Thome, Mrs. Claude Johnson, Mrs. Henrietta Parker, Miss Gretchen Wright, and many, many others.

Celebrating her birthday on this happy occasion was great grandmother Mrs. Elizabeth Ann Delsasso, who was 81 years young that day.

Robertson in Concert at Redlands

REDLANDS — John T. Robertson, assistant professor of piano and theory at the University of Redlands, will appear in concert Monday, November 23, at 8:15 p.m. in Watchorn Hall on the University campus.

Professor Robertson will open the evening with "Ah vous dirai-je Maman," variations on a theme by Mozart. Three works by Johannes Brahms will follow: "Capriccio" in F sharp Minor; "Capriccio" in B Minor; and "Intermezzo" in B Flat Minor. After intermission he will present "Masques," "Reflets dans l'eau," and "L'isle joyeuse" by Claude Debussy. "Sonatina," written by Robertson, will follow and "Le Tombeau de Couperin" by Maurice Ravel will conclude the recital.

Professor Robertson received his B.S. degree from Julliard School of Music in 1943, his M.A. at Harvard University in 1950, where he studied composition with Walter Piston. He studied piano under Jean Batalla and composition with Nadia Boulanger for three years at the Paris Conservatory in France, before joining the music faculty at the University of Redlands for the Fall semester 1955.

El Mirador Photo
PAINTING is a hobby of Mrs. Sam Van Arsdale, who is wintering at El Mirador. She and her late husband, who was a Missouri lumberman, owned one of the most unusual animals ever recorded, a Lewellyn setter with extra-sensory preceptions.

Dog with Occult Powers Still Remembered in Ozarks

Over at El Mirador is a fragile little woman in her 80's who can tell a tale of one of the most unusual animals that ever lived, a Lewellyn setter with extrasensory perceptions. The woman is Mrs. Sam Van Arsdale, aunt of Don Gow, and she and her late husband, who owned many hotels in Missouri, were the owners of the dog, whose occult powers never were explained.

Seditions down in the Ozarks still remember and speak of "Jim" the dog that became a legendary figure long before his death in 1937.

Demonstrations of Jim's psychic powers were well-authenticated and his memory has been preserved in a book and in articles that have appeared in Coronet and Readers Digest.

Mrs. Van Arsdale recalls that Jim had an uncanny habit of knowing her thoughts and intentions. She would start from one room to another, deciding where she was going, and Jim would trot ahead of her never failing to go in the right direction and to the right room.

Perhaps his most amazing feat was one recorded by Paramount News and witnessed by the entire Missouri state legislature. Jim was asked a question in Morse code, which his master did not understand. The question was "Who sponsored horse racing in St. Louis?" and, without hesitation, Jim trotted down the aisle and placed a paw on the right man.

The dog obeyed commands in four languages, and picked seven straight winners in the Kentucky Derby by pawing the right slip of paper from among the names of entrants. His master never exploited his talents and refused a movie offer of over \$300,000.

When he died, after collapsing on a hunting expedition to the Lake of the Ozarks, Jim was buried in a specially-made casket, outside the gate of the cemetery at Marshall, Missouri. The riddle of his super-intelligence will never be solved. His offspring are above average but without his abilities.

Mrs. Van Arsdale says, "It has always been a great disappointment to me that we never found out how Jim did it. He always knew what I wanted before my saying it. It always gave me a queer kind of feeling. For twelve years I watched to see him make one mistake. He never did. I've no idea what it was or what it meant. He wasn't trained. He just knew."

Gag Shower

A gag-shower with Zachary Pitts, a father-to-be, as the recipient, was given by Mr. and Mrs. Stanley Rosin at their home Saturday evening. A large group of friends gathered for this happy occasion with Mr. Pitts getting the usual lectures and advice about being a parent. A light lunch topped a joyous evening.

Mail Early for Christmas, Postmaster Williams Urges

"It's time to start those Christmas mailings!" Postmaster Merritt Williams warned today, launching his 1955 "Mail Early for Christmas" campaign.

"On the calendar it's a month away but here in the Post Office it's Christmas today—and every day until December 25," he said. Extra mail carriers and office help have been secured, the delivery trucks serviced, Post Office inkwells filled and in fact everything is ready for the mammoth flood of Christmas mail that is expected to smash all records.

The Post Office has already dispatched a tremendous quantity of gift packages headed for members of the Armed Forces overseas. Christmas cards for service personnel can still be delivered in time if they are sent by air mail before December 1. In the U.S.A., smart people are now mailing gifts to friends and relatives living in other states, the postmaster said.

Williams especially called on housewives to help in his effort to deliver every package and Christmas card before December 25. "The lady of the house," he emphasized, is really in charge of each family's Christmas mailing program. She selects the Christmas cards, buys most of the gifts and sees to it that the mailing list of friends and loved-ones is up-to-date.

"Actually, success in having all Christmas gifts and greeting cards delivered on time is largely a matter of advance planning and prepa-

ration which should be done this week," the postmaster pointed out.

He urges that the following steps be taken at once: Get out the Christmas card list and carefully check through it. Make sure that each address includes the full name, street and number, city, zone and state. Then, pay a visit to the Post Office, stock up on stamps (use three-cent stamps on Christmas cards for first-class mail service) and ask any questions about mailing regulations.

One can do this in a leisurely way if coming to the Post Office before 10:30 a.m. or between 1:30 and 3:30 p.m., thus missing the rush hours. On the way home pick up a supply of heavy wrapping paper, sturdy empty cartons, strong cord and kraft paper adhesive tape. A modest investment in these necessities will pay big dividends in safe delivery of cherished Christmas gifts.

After gift wrapping and packing is complete, plan mailings so that those for the most distant points go first. Try to get all long-

TB Eradication Aided by Sale of Christmas Seals

"We are a long way from 'E' dayday — 'E' meaning the eradication of tuberculosis, according to Dr. Everett M. Stone, Riverside county health officer. "The tuberculosis problem is changing and in some ways is more difficult than ever."

In a statement supporting the 1955 Christmas Seal Sea of the county tuberculosis association, Dr. Stone said the total active and inactive cases of TB in the area is probably higher than 10 years ago.

"Death used to remove many TB cases from our books, but with modern treatment, most TB patients return to their community to take up their lives again, many of them with disabling effects of this chronic, recurring disease, yet to be overcome."

"This situation requires constant vigilance for without organized community concern for their problems, many patients, once cured, break down again," he said indicating that the purchase of the traditional Christmas Seals aids the community effort to meet the TB problem.

The Christmas Seal X-ray unit will be in Palm Springs on November 29 and 30, and December 1, at local schools and in the downtown area.

Youth Arrested on Check Charge Involving \$72

Theodore Thomas Fowler, 19, of San Mateo, was arraigned Saturday in Palm Springs Justice Court and bound over to Riverside County Superior Court to answer a forgery charge. Bail was set at \$2500. Trial date has not yet been scheduled.

Fowler, who had been living at 444 North Indian Avenue for about a month and had worked variously as a houseboy and laborer, is accused of signing four checks totaling \$72. Two checks were signed with another man's name, and two were his own name on a non-existent account, according to a signed statement made by Fowler following his arrest.

The youth told Officer Morrie Aiken he wrote a \$30 check because he needed some money to leave town. After a drinking party he signed a couple of checks for \$6 each, and then one for \$30 when the first money ran out.

He was picked up when his landlord called police saying the youth was leaving. The landlord is the man whose name Fowler signed to the two \$30 checks.

ATTENDS WELL EXPOSITION

James E. Wright, Jr., of the James E. Wright Company of Indio, local water well driller, attended the National Water Well Exposition in Long Beach last week. More than 1,100 water well drilling contractors, equipment manufacturers, technical divisors, and their wives, were in attendance.

Outpost Water Date Postponed

Public Utilities Commission has temporarily removed from its calendar a rehearing on the application of Palm Springs Outpost Water Company, which had been set for Friday in the city council chambers here.

The application was for a certificate to extend its operations into adjacent territory near the Village.

A date for the rehearing will be set in the near future, according to R. J. Pajalich, secretary of the Public Utilities Commission.

Red Cross First Aid Teacher's Class to Start

Organizational meeting for a Red Cross First Aid Teacher's class will be held at 7 p. m., tonight Tuesday, at the home of Mrs. John Kison, 1480 Sagebrush Road (Deep Wells Estates), with a representative of the Riverside office to be in charge.

All women who reside in Coachella Valley who have taken an advance course in first aid are urged to attend.

Other meetings will be scheduled weekly after the organizational session.

Forest Reopened to Use of Public

S. E. Jarvi, forest supervisor, reported today that those areas of the San Bernardino National Forest, which, due to high fire hazard, have been closed to public entry since July 1 under Regulation T-1, Section 1, have been reopened by order of the Regional Forester.

The opening of these areas follows a general storm covering the entire forest which brought up to 1½ inches of rain at several locations and lessened the fire danger.

Forest visitors are reminded that campfire permits are still required to build fires in the forest, even in trailers. Permits may be obtained without charge from the nearest U. S. Forest Service office.

Although the fire hazard has been reduced in the brush-covered watersheds of the forest, it is possible that strong Santa Ana winds may still occur. During these hot, dry winds a small spark from a carelessly tossed cigarette or match may become a raging forest fire in a few moments.

"It is obvious," the forest supervisor said, "that because of our 'unusual' southern California weather, we cannot forget that fire prevention is a yearlong job."

Thief Loots Auto of Security Officer

Marvin Cowles, a hotel security patrolman assigned to the 4 p.m. to midnight shift, reported Saturday to police the theft of a camera binoculars, prescription glasses, and various other items, totaling \$115 from the glove compartment of his car.

Cowles, who said he didn't know exactly when the theft occurred, told police his car had not been locked for more than a week. He said it had been a week since checking the property when he discovered it missing.

"TADPOLES WALTZING"

I showed this Doodle to a group of New Yorkers and was surprised to find how many of them never heard of Tadpoles. I was even more surprised to find how many of them never heard of Doodles but I didn't let that stop me. I explained to each of them that Tadpoles are wiggly little lumps, sometimes called Pollywogs, who eventually turn into frogs. They begin life in a hunk of jelly, which they feed on until they're old enough to scrounge their own food. A couple of Big Mouths wanted to know if the Tadpoles who lived in Raspberry Jelly ever got the little seeds caught in their teeth, but I had the last laugh because Tadpoles don't have teeth. In fact Tadpoles don't have hardly nothin'.

Sports Sputterings

By WALTER L. JOHNS
Central Press Sports Editor

WHEN THE undefeated University of Maryland Terrapins collide with the undefeated University of Oklahoma Sooners in the Orange Bowl Monday, January 2, the old story of teacher and pupil competing against each other will be revived.

And, in this case, the pupil, Bud Wilkinson, the Oklahoma coach, will go into the game sporting a better overall record than does the teacher, Jim Tatum of Maryland. Pupil and teacher in this case have met once before — in the Orange Bowl game of 1954. The pupil came off with the honors in that one, too.

TATUM, the teacher, was Oklahoma's head coach in 1946 and on his staff as backfield coach was Wilkinson, who had built up a reputation through assistant coaching at Syracuse, Minnesota and Iowa Pre-Flight.

Tatum, who had learned his football under Carl Snavely and had Cornell, imparted some of his football coaching at North Carolina and ball know-how to the young assistant coach, Wilkinson.

When Tatum left Oklahoma in 1947 to take over as head coach at Maryland, Wilkinson got the job at Oklahoma.

Tatum has done a terrific job with the Terps ever since, but his pupil, Wilkinson, has more than matched the teacher for his record at Oklahoma in his nine seasons as head coach is better than Tatum's mark at Maryland.

THE EXCELLENCE of the two as successful coaches can be seen by the records, Wilkinson's teams have won 78 games, lost but seven and tied three and also won three out of four bowl appearances.

Tatum's Terps have won 72, lost 14 and tied four while appearing in three bowl games.

Each coach has won the national championship and turned out several All-Americans.

Their meeting in the Orange Bowl already is being billed as the payoff for the national title.

It's true, perhaps, that neither Oklahoma nor Maryland play the consistently rugged type of schedule as faced by some of the other contenders for national honors such as Michigan State, Michigan, Notre Dame or U.C.L.A.

But both the Terps and the Sooners win and each has met several top-grade eleven to gain acknowledgement as among the best in the land, if not the very best.

THE ORANGE BOWL game, pitting two undefeated teams and pupil and teacher against each other, stacks up as the classic of the January 2 fare.

Oklahoma Still Tops UP Poll

NEW YORK —The United PRESS college football ratings with first-place votes and won-lost records in parentheses:

Team	Points
1. Oklahoma (22) (9-0)	217
2. Michigan St. (6) (8-1)	203
3. Maryland (13) (10-0)	200

Taylor Looms for Spartan Victory

SAN FRANCISCO —Coach Chuck Taylor whose Stanford Indians had the distinction of losing to both Rose Bowl opponents this season rates Michigan State over U.C.L.A. for their clash at Pasadena. "Michigan State was a little stronger than U.C.L.A." Taylor said at Monday's final meeting of the year of the Northern California Football Writers Association.

WORLD'S BEST pro tennis star, Pancho Segura, left, wallops a lousy backhand as his partner, Bobby Rogers, backs him up. Segura and Rogers, a teacher in Los Angeles, defeated Bobby Riggs, the grand old pro, and John Faunce, of the Village, 7-5 in an exhibition set at the Racquet Club during intermission in the Men's and Women's Doubles Tournament this weekend. They had been playing in the annual pro tourney in Los Angeles, which Segura won.

Indian Hoopsters Start Practice for RCL Race

Coach Ralph Watt's Palm Springs High school basketball team should take third place in the Riverside County League standings at the end of the 1956 season, just by standing in the court and letting the opposing teams miss the bucket.

There will be five returning lettermen on this year's squad, and they will be supplemented by Mickey Pellum, a transfer from Texas who made his mark on the gridiron. Watt says Pellum is a better hoopster than football player.

The five returning lettermen, who could carry the Village into second place in the loop are:

Charles Jordan — senior. Six foot four inch center. Last year Jordan was third leading scorer in the league.

Sam Jones — junior. Jones can play equally well at forward or guard.

O. B. Crawford — junior, he did very well this year on the football field, was the Indian's mainstay in pass receiving.

Lloyd Brubaker — senior. This lad suffered a shoulder separation during practice when he was being shifted from his regular center position to fullback. He may not be able to start on the courts till the regular RCL play commences, about the first of the year. He'll be a forward when he does.

Vic Reyes — senior. Vic will probably be voted the most valuable player on the Indian's football team in recognition of the fine work he did this season. Though he didn't play enough quarters last year to rate a basketball letter, he has shown marked improvement.

Two juniors and a senior are up from the "B" squad of last season. They are guard Bill Beck and center Jim Goforth; and senior Skip Martin, who will try for a forward berth. They will have some big shoes to fill to knock any of the returnees out of first string spots.

Besides Pellum, there will be two others who are assured spots on Watt's travelling team. They are senior Larry Meek, at forward, and senior Mike Bell at guard.

Watt's travelling squad will have an even dozen hoopers rather than a more unwieldy group. Thus, in sacrificing depth in substitutes, they will have an integral squad.

They will play Fontana here a week from Friday, and various other local teams not in the RCL until league play starts after the holidays. Four games in one week are scheduled, and if they reach the finals in the Christmas Tournament at Banning, they will play three games there.

San Jacinto's Tigers and Banning's Broncos will probably come in ahead of the Indians in final standings, but the Broncos will have to do some fighting. The Indians placed in the lower division after the end of last season's play.

Saddler and Gallardo Tangle December 12

SAN FRANCISCO —Sandy Saddler world featherweight champion will meet Davey Gallardo of Los Angeles in a 10-round, non-title bout here Dec. 12, it was announced today. Gallardo is unranked in featherweight division but holds decisions over Lulu Perez and Percy Bassett.

INDIANS' COME-BACK FEATURES RCL LEAGUE

The Palm Springs High School Indians, led by quarterback Vic Reyes, tailback Mickey Pellum, tackle Jim Theiss, and Manuel 'Tank' Montoya, pulled themselves from seventh place a month ago to an honorable spot as they completed the 1955 Riverside County League football season in third place.

Coached by Clare Ballagh and his assistant, line coach Scott Thompson, the Indians went through their first three games without a win, and then caught fire.

Their defensive team, sparked by Reyes and end Larry Paul, proved early to be more than competent. But they had no power to push to the end zone. Ballagh and Thompson, after the third game, concentrated solely on offense. Their work paid off.

At mid-season, in seventh place with two losses and a 6-6 tie on their slate, they put the pressure to Hemet for their first win of the season. It was close there, 13-10, but it was proof that their new offensive strategy was to lead them up the golden path.

THE NEXT WEEK, with their first homecoming celebration, the Indians whopped the Perris Panthers, 33-13. Skip Martin, playing playing right half and defensive back, made a 40-yard touchdown punt return to get the Villagers on their way.

Forecast by pre-game fans as two touchdown favorites on the strength of their win over Perris, the Indians visited Beaumont, much to Beaumont's misery, and whopped them to a shutout, 26-0. That victory showed Ballagh that his boys could play on a muddy field in cold weather, and he lost his fear of the next week's tiff with San Jacinto.

The outcome of the San Jac game, last of the season, would decide third spot in RCL standings, and Ballagh made an all-out effort. He had been preparing for three weeks, teaching the Indians

against the Irish more than he did against the Bruins. Arnett carried the ball only eight times against U.C.L.A. He ran the opening kickoff 97 yards to the goal line, but a penalty nullified the touchdown. 'Arnett was as closely watched as any player will be,' Hill said. 'It's safe to assume he will be used more this coming week.'

Hill refused to blame an official who called back Arnett's brilliant run because five forward linemen all were offside on the kickoff. Coach Henry Red Sanders paid tribute to his Rose Bowl bound Bruins, saying they had played 'the toughest schedule in U.C.L.A. history in manly fashion.' He also praised Southern California.

Sanders said regardless of how good his team is, it would rather play the best.

For that reason we are glad that Michigan State is coming to the Rose Bowl. The Spartans may well be the best team in the nation.

Olson Leaves Friday for Robinson Bout

SAN FRANCISCO —Middleweight champion Carl Bobo Olson and his manager, Sid Flaherty plan to leave for Chicago Friday to make final preparations for the Dec. 9 title bout with Sugar Ray Robinson.

Olson took a short vacation after the fight was postponed from Nov. 4 because Robinson sprained an ankle. However, he returned to duty Monday sparring two rounds with Bull Halsey.

Clerical Error

GARY, Ind. —A \$55 old age assistance check drawn on Lake County public welfare funds was returned because of "insufficient funds." Embarrassed county officials claim a clerical error.

Village Team Takes Match by 20 to 10

The Racquet Club played host to 15 tennis players from Balboa Bay Club in the Men's and Women's Doubles Tournament Saturday and Sunday, and sent them home aching from a 20-10 defeat.

A round robin method of play was used whereby a member from each team played a set and was given points on that basis till two teams of doubles-winners played in semi-finals matches.

Following that elimination, which scored a point, the finals were played and scored the same way.

The visitors consisted of Dr. and Mrs. Ralph Anderson, Mr. and Mrs. Lee Pratt, Toby Wilcox, Francis McEntee, Mr. and Mrs. Jack Diamond, Mr. and Mrs. George Marcellus, Merrill James, Addie Clarke, Howard Lang, and Van Zerbe.

Host Charlie Farrell led the Racquet Club team which included George and Frank Ripley, Mousie Powell, Marge Jackson, Al and Grace Jablow, Morty Heller, Eugene Frenke, Joe Justman, Julie Copeland and Vincent Potre Sr.

As an added attraction during the tourney, Bobby Riggs, Pancho Segura, John Faunce and Bobby Rogers took time out from their professional duties in Los Angeles to vacation at the club and put on a doubles exhibition.

BOWLING

Viking Liquor's lady bowlers, walked home with the honors after last week's meeting of the Palm Springs Ladies League at the Bowling Academy.

Their opponents L. A. Towel, were shut out 4-0, and while they were handing out the defeat they racked up highest team series and game scores 2456 and 848.

Members of the Bowling Academy's team took the individual bowling honors, however, when Martha Peeler rolled a 480 series and Virginia Breitweg rolled a 175 game.

The night's scores were as follows:
Viking Liquors 4
L.A. Towel 0

Desert Hot Springs Sentinel 3
Desert Hot Springs Rotary 1

Pittsburgh Selected for Sugar Bowl Game

NEW ORLEANS —Pittsburgh, featuring its best team since its "golden era" of football in the 1930s, was selected today to make its first appearance in the Sugar Bowl here Jan. 2.

Although twice beaten this season by formidable foes the Panthers received the nod from the Sugar Bowl for their convincing late season drive which included victories over West Virginia and Penn State.

Bruins Official in Rose Bowl January 2

LOS ANGELES —U.C.L.A. was officially selected Monday as the Pacific Coast Conference representative to play in the Rose Bowl against Michigan State on Jan. 2, 1956.

Students staged a celebration at the official announcement. Bruin Coach Henry Red Sanders told celebrants, "I wouldn't say it's my best team, but it is my favorite team."

U.C.L.A. currently is rated a 6½-point underdog against the Spartans.

Robinson Resumes Training for Olson

GREENWOOD LAKE, N.Y. —Sugar Ray Robinson will resume boxing today for his title bout with middleweight champion Bobo Olson at Chicago Dec. 9. The ex-titleholder weighed 161 pounds Monday after a six-hour trek through the woods surrounding his training camp.

Irish Gridiron Fans to Spend Few Days Here

Twenty-five football fans left Chicago Municipal Airport this morning and took the first leg of their tour to see the University of Southern California Trojans play Notre Dame's football team in the Coliseum next Saturday. The Irish are favored to win and satisfy the traveling rooters.

They will stop at San Francisco tonight and stay for two days, then head for Los Angeles and the Coliseum, with an overnight stopoff at Monterey. After the game, the group will come to the Village, and stay at El Mirador Hotel until November 30.

They will be the guests of Senator George Maypole, a rooter for the South Bend steamrollers who lives now in Palm Springs, while here.

They will then return to Chicago's Midway Airport late in the evening of November 30, having seen San Francisco's fog, turkey dinner served in Monterey, the Billmore Hotel and Coliseum in Los Angeles, and the sun where it spends the winter.

Al Kircher Fired as Washington St. Coach

PULIMAN, Wash. —Alton S. Al Kircher Washington State College football coach was fired last night after his Cougars finished the 1955 campaign with a sorry 1-7-2 record.

C. Clement French, college president said the college would buy up the one year remaining on Kircher's five-year contract. The contract called for an annual salary of \$12,500.

White Gets Giant Bid

NEW YORK —Bill White, a 21-year-old first baseman who hit .298 with Dallas of the Texas League last season has been invited to work out with the New York Giants at their Phoenix Ariz., training camp next spring.

4th Annual Little Leaguers Banquet Scheduled Tonight

More than 100 persons are expected for the fourth annual Little League Hot Dog and Hamburger Banquet at 8:30 tonight at the Playhouse on the Polo Grounds, according to Howard Haddock, City Recreation Director and co-chairman of the event with Jimmy Morton, who is prominent in Village youth activities.

Haddock said the annual banquet is sponsored by the Little League Commission and the City Recreation Department. They issued an invitation to everyone connected with the past year's Little League and Minor League activities.

Highlight of the event will be a presentation of medals to the league-leading team, Strobe's Stars, and their manager, Red Ohler. Certificates will be given to all team members and the managers.

The teams are sponsored by Hat-

away Buick, Palm Springs Boys Club, and Junior Police. Members of the Little League Commission include Al Weingarten, president; Russ Landrus, vice president; Scott Thompson, Little League Commissioner; Hal West, Treasurer; A. R. Simon, Counsel; Lucille Mitchell, secretary.

Haddock announced that transportation home from the banquet will be provided.

LET'S TALK TURKEY!

ABSENTEE OWNER WANTS ACTION! He has a three bedroom
with three bath home, plus maid's room and bath. The
screened lanai faces a pool. Double garage. The home has a
choice location and a big lot, 150'x135'. The house furnished
is really worth the price of \$45,000.

THE SMARTEST and one of the NEWEST homes in Palm Springs.
Three bedroom with two baths, plus maid's room and bath.
Each bedroom has a tremendous amount of closets. The
home is custom built and not a year old — the decorator
just finished the furnishings (and they have two TV sets).
Refrigerated cooling and forced air heat — and of course,
there's a pool. Home is ready to walk into — at a walk
away price of \$59,500.

A HOME THAT WOULD NOT ORDINARILY BE FOR SALE! A
one bedroom, one bath delightful home on an R-3 lot!
There's space for more units. Good investment for the fu-
ture. \$17,500 unfurnished.

CHOICE VIEW LOTS in Tennis Club area. One lot is 112x100 and
priced at \$7000. Another is 124x100 priced at \$9000.

(Desert Sun Photo)
DURING AN UNSCHEDULED stop in Palm Springs, Robert E. McDavid, member of the State Board of Equalization, second from left, talks with Desert Sun Publisher Ward J. Risvold, left, during lunch at the Chi Chi yesterday. Also at the table are, left to right, F. R. Weigel, executive assistant to McDavid, Mrs. Weigel, and Mrs. McDavid. The officials were en route to a dinner meeting in El Centro.

McDavid Visits Here En Route to Desert Meet

Robert E. McDavid, member of the State Board of Equalization from the fourth district, with his executive assistant F. R. Weigel, visited yesterday in Palm Springs. Purpose of the unscheduled stop here was a talk with Desert Sun publisher Ward J. Risvold, who joined the two officials at lunch at the Chi Chi.

McDAVID, WHO replaced William G. Bonelli as a member of the board, told the publisher that the task of realigning of assessments in the counties of the state has been of big concern to the members of the Board of Equalization.

Through an investigating survey perpetrated by the state agency, it was found that San Bernardino and Imperial counties were far too low in their assessments. Because of this, Riverside county was the

recipient of a large rebate. The two neighboring counties have been carrying on a fight with the State Board since the agency declared their assessments too low.

IN COMMENTING on the affairs of the newly inaugurated state Department of Liquor Control, McDavid said that since Governor Goodwin J. Knight took the department out of the hands of the Board of Equalization, it is costing the tax payers a million dollars a year more. But, he added, the organizing of the unit points to a much better operating agency.

McDavid told publisher Risvold that they will return to the Village soon to speak before some of the service organizations.

THE TWO MEN, with their wives, stopped here on their way to El Centro, where with Governor Knight, U. S. Senator Thomas Kuchel and other state officials, they attended a dinner honoring Ben Hulse of that community, a rancher, and a state senator from 1933-1935 and 1945-1955. He was a senator from the 39th district.

Among the committees he served on during his many years as state senator were the Agriculture, Finance (chairman), revenue and taxation, transportation, and water resources.

False Alarm

MUNCIE, Ind. (AP) — Police hurriedly rushed to the scene when they got a report a car was on fire. They found the auto parked over an open manhole from which vapor was rising.

After the Fact

DES MOINES (AP) — Four cars piled up in a collision on a rainy day but no one was hurt. That is, not until one investigating police officer, Elmer Van Note, slammed a car door on his finger.

Carnation Corner

One of the reasons we look forward to the holiday season at our house is Carnation Egg Nog. My husband (who claims to be a connoisseur) says he's never tasted Egg Nog quite as good. Maybe it's the fine, pure ingredients Carnation uses; or that just-right touch of spices; or the skillful way it's all blended that makes Carnation Egg Nog the perfect holiday treat. Why not serve it soon?

OPEN HOUSE

Open house is such an easy, informal way to entertain, isn't it? Less work, too—if you use my favorite

Holiday OPEN HOUSE MENU

ORANGE AND CRANBERRY SALAD
WREATH CAKE
CARNATION EGG NOG

(P.S. Better tell your Carnation milkman to leave plenty of good Carnation Egg Nog. It's the most important thing on the menu.)

Orange and Cranberry Salad

(makes about 6-8 servings)

1½ cups hot water
1 package orange gelatin
1 can (1 lb.) whole cranberry sauce
1 cup orange sections
1 cup CARNATION COTTAGE CHEESE
½ cup chopped nuts
3 tablespoons lemon juice
Mix hot water with gelatin to dissolve; chill until thickened and syrupy (about 20 minutes). Add remaining ingredients and mix well. Spoon into 1½ quart mold. Chill about 2 hours or until firm.

WREATH CAKE

(Tuck this away in your "Christmas idea" file.)
Bake your favorite cake mix into two 8" layers according to package directions. Ice with white butter-type or fluffy icing. Make "wreath" decoration on top with green candy mints and maraschino cherries.

I think we owe the Carnation folks a vote of thanks for showing us just how delicious our traditional holiday Egg Nog can be. Wait till you taste Carnation Egg Nog! You'll agree. However, for another bit of holiday fare, we'll have to thank the Indians. Until they showed the Pilgrims how to cook and eat cranberries, the early settlers considered the raw fruit unpalatable.

FAMILY PROJECT

It's never too early to get a "fun" project, like this, under way. My youngsters have already started collecting old candles to be melted down and re-shaped into our own original holiday molds. Paper milk cartons make wonderful molds since they can simply be peeled off when the wax has hardened. Decorate them with blobs of warm, colored wax, sequins, tiny pine cones, or gold and silver sparkle dust. Then, while you're admiring each other's handiwork, pass around plenty of wonderful rich-tasting Carnation Egg Nog. Everybody loves it.
